Blue Shock Impact Bits

Lifetime is 12x longer than the standard screwbit.

Features & Benefits

- > Shock absorber : the Blueshock screw bit offers a special design with elongated torsion zone, resisting to high torque and violent impacts. Its hardness suits the most powerful machines.
- > BlueGuide attachment : 30 mm length for an easy use with or without bitholder.
- > High Quality alloyed steel.
- > Rustproof Blue finishing.
- > Made in Germany.

Range of Driver Bits

We have a comprehensive range of expertly manufactured high quality Driver Bits to suit every application.
